Subject: Leaders in Science and Innovation Policy Workshop - Peshawar

Dear Sir,

Directorate of Science and Technology (DoST) Khyber Pakhtunkhwa is holding the subject mentioned workshop on January 8-9, 2019.

The Leaders in Science Policy is facilitated by two world-class policy experts:

- Ehsan Masood, a Knight Science Journalism Fellow at MIT USA, a frequent writer for Nature and visiting faculty at Imperial College London. He is also the author of the popular book *Science and Islam*.
- Dr Athar Osama holds a doctorate in Science and Innovation Policy from the RAND Graduate School. He is the founder of Pakistan Innovation Foundation, a Young Global Leader at the World Economic Forum and currently serves as the Member for Science Technology and IT at the Planning Commission, Islamabad.

The workshop will cover:

- Policy for science and Science for Policy
- Setting Research Priorities
- Funding Science: global best practices and global comparisons
- Science for Innovation and research commercialisation
- Measuring research performance in science
- Academic leadership, ethics and the university
- Communicating science to the policy maker

DoST strongly believe that the event will be valuable for our conversations around science, technology and innovation policy at the provincial level, as we all strive to develop our innovation ecosystems. The workshop will be instrumental for generalists working at Government Policy level, Chief Executives/Vice Chancellors/Rectors/Directors of the Universities/DAIs, Officers and Officials working in Planning & Development, ORIC specialists, Professors and all those interested in learning about the realm of policy and understanding how science, technology and innovation are funded.

DoST most respectfully requests to please grace the occasion with your presence. Your presence would be a source of encouragement for the participants and would add value to the effort.

DIRECTORATE OF SCIENCE & TECHNOLOGY
GOVERNMENT OF KHYBER PAKHTUNKHWA,
